

A background image of a globe with a network of red lines and dots connecting various points across the continents, suggesting global connectivity and technology.

GLOBAL LEADER IN EMBEDDED SOFTWARE REUSE TOOLS

sales@mapusoft.com

info@mapusoft.com

Modernize Your Legacy Software

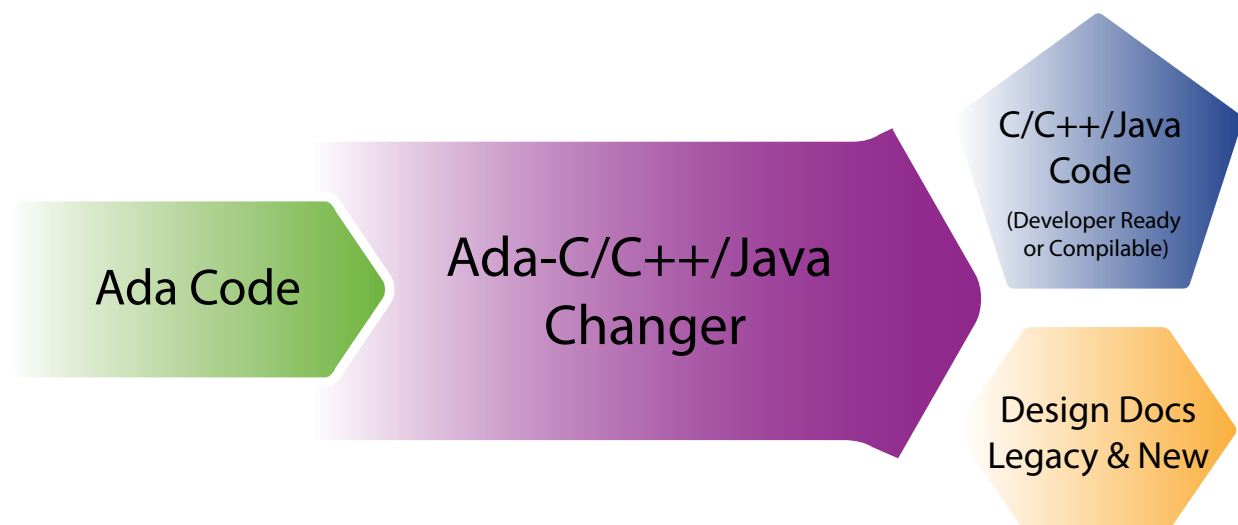

to the next generation

Get more info: <https://www.mapusoft.com/programming-language-changer/>

Convert Ada Code

to C/C++/Java Automatically

Get more info: <https://www.mapusoft.com/ada-to-c-changer/>

Give your Software a Long Life

by Separating Code from the Platform

C/C++ Applications

 **OSABTRACTOR**
RTOS Abstraction Layer

Host Platform

Windows or Linux

Target Platform

Android	μITRON	Nucleus
Linux	Freescale MQX	QNXNeutrino RTOS
LynxOS	μC/OS	RT Linux
Solaris	Unix	VxWorks
ThreadX	In-house	Windows
FreeRTOS		

Get more info: <https://www.mapusoft.com/os-abtractor/>

Reuse Your Code

on a different Operating System

C/C++ Applications

 **OSCHANGER®**
Porting Kit

Current OS Platform

VxWorks	FreeRTOS
Nucleus	μC/OS
pSOS	μITRON
RTLinux	ThreadX
VRTX	QNX
Windows	Linux/POSIX

New OS Platform

Linux	NetBSD	RT Linux
Android	Nucleus	VxWorks
eCOS	Freescale MQX	ThreadX
LynxOS	Windows	FreeRTOS
Solaris	μC/OS III	Unix
μITRON	QNX	In-house
